SKILLS

- **Languages**: Java, C++,Mysql
- **Core:** DSA, OOP,DBMS
- **System Design:** Low-Level Design

SUMMER TRAINING – COMPLETE INTERVIEW PREPARATION (GFG)

- Completed structured training covering DSA, OOP, DBMS, OS, and System Design
- Solved 400+ coding problems across arrays, trees, graphs, and DP
- Participated in mock interviews and timed coding assessments

PROJECTS

RESPONSIVE FOOD DELIVERY WEBSITE

- Developed a fully responsive food delivery website using HTML, CSS, and JavaScript to provide a seamless user experience across mobile, tablet, and desktop devices.
- Designed intuitive UI components including menu listings, food categories, and interactive navigation.
- Implemented dynamic features such as add-to-cart functionality, real-time price updates, and user-friendly order flow using JavaScript.
- Optimized layout using Flexbox and CSS Grid for responsiveness and cross-browser compatibility.
- Focused on performance and accessibility to ensure fast loading and smooth interaction.

PARKING LOT MANAGEMENT SYSTEM – LOW LEVEL DESIGN

TECH STACK: JAVA, OOP

- Designed a multi-level parking lot system supporting different vehicle types (Car, Bike, Truck)
- Implemented parking spot allocation strategies using Strategy Design Pattern
- Modeled entry and exit gates with ticket generation and billing calculation
- Designed dynamic pricing logic based on vehicle type and parking duration
- Applied OOP principles (Abstraction, Encapsulation, Polymorphism) for modular architecture
- Built extensible system allowing easy addition of new vehicle or pricing types

CERTIFICATES

- Complete Interview Preparation by GFG. 6 Months
- Cloud Computing by NPTEL 4 Months

EDUCATION

Lovely Professional University Punjab, India
B.Tech – Computer Science & Engineering | CGPA: 6.94 | Aug 2022 – Present

DAV PUBLIC SCHOOL Dhanbad, Jharkhand
Intermediate; ***Percentage: 63%*** *April 2020 - March 2022*

DAV PUBLIC SCHOOL Dhanbad, Jharkhand
Matriculation; ***Percentage: 77%*** *April 2018 - March 2020*
